Many in prison have never been to church or heard the Good News of Jesus. Learn how the saving grace of Jesus Christ makes a difference in the lives of the incarcerated. Volunteers will share their experiences in prison and Chaplain Edwards will talk about the difference volunteers make in Lynaugh. Learn how you can serve the incarcerated both inside and outside the prison walls. We will be singing too!

The Texas Department of Criminal Justice (TDCJ) requires volunteers to be trained and pass a test every two years. This training and the online test will be available at the meeting. Current volunteers can renew their training.
